

Dear Members of the Judiciary Committee:

Please Oppose Bill 6355 An Act Concerning Risk Protection Orders or Warrants. If this bill becomes law, there will be no due process and all someone has to do is go to a judge and claim they feel threatened by you and that you have weapons and those weapons are taken away without any warning to the gun owner and without the gun owner having his/her day in court. Furthermore, the gun owner would have to prove that they are not a threat. What happened to innocent until proven guilty? That is why this is a bad bill.

Please support Bill 6491. An Act Concerning Nonlethal Electronic Defense Weapons. In 2016 SCOTUS ruled "the Second Amendment extends, prima facie, to all instruments that constitute bearable arms, even those that were not in existence at the time of the Nation's founding".

Thank you for your time in this matter.
